I just want to say that when I saw the title of this post, I felt as if the AGMB was super loved. And it is! Thank you so much for supporting it, as it`s my homeforum.

Really, though, how could that destroy an entire MB? If the AGMB was nearly deserted by flame war-ning, who knows how soon that thing could topple? I mean, it's not like Venus hacked everyone's accounts, forcing them to keave, from what I heard, we wer just concerned.

Yes, and I appreciate your concerns. Our royal system is still working, though. But we are kind of slow these days. We`ve been getting a lot of visitors!
